Theo is so annoying. It's Valentine's Day and he ended our date early so that he could hang out with his loser friends who can't even get girlfriends.

The only reason why I'm still with him is because I need a date for the prom and

he's hot. I could probably get a new guy but I don't feel like wasting my time on a loser.

It's almost Coco's birthday! I can't believe I got her on February 16, 2018
