Ugh, Fallon is applying for prom court after she told me she wasn't. I know she did that on purpose. If she gets on court, I won't win because she's prettier than me. This is all I have I'm failing math and my boyfriend sux. Winning prom queen was all I was looking forward to and then Fallon sees that I was applying on my insta and the next day she applies. I hate her! I'm going to spend every hour trying to find a way to get her back. I just need one secret.
